Annual Report of the Town of Sanbornton New Hampshire

For the year ending December 31, 1985

From August 1984 through the spring of 1985 a young eagle took up residence at Hermit Lake in Sanbornton. This bird had earlier suffered a gunshot wound and been rescued by the personnel of the U.S. Endangered Species program. The eagle was restored to health at the program's facilities at the Quabbin Reservoir in Massachusetts, equipped with band and marker as well as a tracking radio transmitter, and released. After a leisurely trip north, during which time his travels were carefully traced, the radio transmitter was moulted in a gravel pit near the Sanbornton town line. From then until he left Sanbornton on strong wings and soaring freely he completed his recuperation under the watchful eyes of the Hermit Lake community. "Joe," as he was called—after the Hermit himself, Joseph Plummer—can be spotted in the cover picture, perched on the hemlock tree at the right in this early morning photograph of "Blueberry Island" taken from the Sanbornton town beach.

Dedication

Lucinda H. Patterson

In grateful appreciation for her many services to the Town, the Sanbornton Annual Report for 1985 is dedicated to Lucinda H. Patterson.

Walt Whitman remarked that "A morning glory at my window satisfies me more than the metaphysics of books." Although she might have mentioned an African violet rather than a morning glory, "Cindy" Patterson understands the meaning of the poet's words. She's like that herself. Born in Barnstead and raised in Vermont, married in Massachusetts, "Cindy" and her husband "Pat" settled in Sanbornton Square in 1928. After raising her five children here, she has spent most of her remaining years serving the Town in one official capacity or another, as

well as working with the Harmony Grange, the Church "at the Square" and the Sanbornton Historical Society as Treasurer for many years and lately as the Society's President. In the 1940s she served as the Town Tax Collector for eight years, nine years were spent in the 1950s as a Budget Committee member, and since 1970 she has served as a Supervisor of the Checklist. Between times, of course, she has contributed countless pots of the best baked beans north of Boston – and possibly south of the Hub as well – for the delectation of generations of Sanbornton bean eaters and their guests.

Whitman reminds us with these lines from "Miracles" that:

*These with the rest, one and all, are to me miracles,
What stranger miracles are there?*

In recognition of their outstanding services to the Winnisquam Regional School District and our State, we honor these two distinguished Sanborn-ton teachers, and remember another neighbor as well.

KAREN DORSCH

Named New Hampshire *Teacher of the Year* by the New Hampshire State Education Department.

STEPHEN TESSLER

1986 Town Warrant

The State of New Hampshire

The polls will be open from 10:00 a.m. to 7:00 p.m.

To the Inhabitants of the Town of Sanbornton in the County of Belknap in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Sanbornton, on Tuesday, the eleventh (11th) day of March next at ten of the clock in the forenoon, to act upon the following subjects:

- 1: To choose all necessary Town Officers for the ensuing year.
- 2: To choose all necessary District Officers for the Winnisquam Regional School District.
- 3: To vote on the following proposed amendments to the Town Zoning Ordinances:
 1. Are you in favor of the adoption of amendment No. 1 as proposed by the Planning Board for the town of Sanbornton Zoning Ordinance?:

This amendment increases the front set-back requirement in the General Agricultural zone and the Recreation zone from 30 to 50 feet and from 35 to 50 feet in the Forest Conservation zone.
 2. Are you in favor of the adoption of amendment No. 2 as proposed by the Planning Board for the town of Sanbornton Zoning Ordinance?:

This amendment increases the side and rear set back requirement in the General Agricultural zone and the Recreation zone from 10 to 30 feet and decreases the side and rear set back in the Forest Conservation zone from 35 feet to 30 feet.
 3. Are you in favor of the adoption of amendment No. 3 as proposed by the Planning Board for the town of Sanbornton Zoning Ordinance?:

This amendment increases the front set back requirement in the General Residence District from 30 to 50 feet and increases the side and rear set back from 10 to 30 feet.
 4. Are you in favor of the adoption of amendment No. 4 as proposed by the Planning Board for the town of Sanbornton Zoning Ordinance?:

This amendment adds a front set back requirement in the Historical Preservation District of 50 feet and a side and rear set back of 30 feet in this district.
 5. Are you in favor of the adoption of amendment No. 5 as proposed by the Planning Board for the town of Sanbornton Zoning Ordinance?:

This amendment establishes a water body set back requirement of 40 feet between water's edge and any structure, except boat storage facilities used solely for the storage of boats, on natural waters and artificial im-

poundments of five or more acres. A procedure for delineation of water's edge and the handling of disputes is included.

6. Are you in favor of the adoption of amendment No. 6 as proposed by the Planning Board for the town of Sanbornton Zoning Ordinance?:

This amendment limits the removal of sand and gravel to the General Agricultural or Forest Conservation District. The town may draw upon sources of these materials in any district as permitted by RSA 155-E.

7. Are you in favor of the adoption of amendment No. 7 as proposed by the Planning Board for the town of Sanbornton Zoning Ordinance?:

This amendment provides that the Zoning Board of Adjustment may if deemed necessary require security to cover costs of repair or improvements to roads as a condition to approval of sand and gravel operation. It may also give consideration to the impact a project may have on the normal flow of traffic and the use of roads by residents.

8. Are you in favor of the adoption of amendment No. 8 as proposed by the Planning Board for the town of Sanbornton Zoning Ordinance?:

This amendment brings our penalty clause into compliance with state statute and clearly establishes a civil fine for each day of violation.

You are hereby notified to meet at the Winnisquam Regional Middle School in said Tilton, on Wednesday, the twelfth (12th) day of March next at seven-thirty of the clock in the evening, to act upon the following subjects:

1: To hear the report of the Budget Committee and pass any vote in relations thereto.

2: To see if the Town will authorize the Selectmen to hire such sums of money as may be necessary to defray Town charges in anticipation of taxes: to administer or dispose of any real estate, at public auction acquired through Tax Collector's deeds: and to apply for and accept such grants and funds as may be available to the Town from private sources and from other governmental agencies.

3: To see if the Town will vote to amend Article 20 (Town Warrant, 1976) to designate the Selectmen as disbursing agents for the Capital Reserve Fund for Town Building Improvement and Capital Reserve Fund for Heavy Equipment recommended by the Selectmen and the Budget Committee.

4: To see if the Town will approve the continuation of the Building Study Committee for a period of one year, voted by the 1985 Town Meeting, that Committee to oversee construction of the Life/Safety Building and advise the Selectmen on the refurbishing of the Central Fire Station for Town Offices, as recommended by the Selectmen and Budget Committee.

Town of Sanbornton Selectmen's Report

The Board of Selectmen would like to report that 1985 involved a number of significant changes and/or developments as far as the administration of the Town is concerned, including the following:

The hiring of a part-time professional forester to oversee the proper management of the Town's woodlands.

The hiring of a professional appraiser to be available to address the needs of Sanbornton residents.

The hiring of a consultant to assist the Selectmen in the process of upgrading the Town's personnel policy (i.e., insurance plan and vacation time).

The improvement of communications by making copies of the Selectmen's weekly minutes available to all committees, the Post Office, Library, Town Offices and Sanbornton General Store.

A more conscientious effort to enforce the Town's ordinances, particularly in regard to zoning.

The imposition of a \$10.00 fee for each building application, due to the significant increase in the number of building applications.

The expenditure of a great deal of time and effort to facilitate the completion of the Fire/Safety Building in a timely manner, so that the badly needed renovation of the old central fire station for Town offices may commence.

The board would like to thank Duncan Craig for his twenty-two years of service with the Sanbornton Fire Department and welcome aboard as Fire Chief, Arthur Dowling.

Lastly, the Chairman would like to express his appreciation for the work done by Selectman Wayne Smart this past year and for the cooperation received from all those who gave of their time and talents on behalf of the Town. The Board of Selectmen would also like to strongly encourage more resident input and involvement, so that our efforts may better reflect the needs and wishes of the community.

Thomas B. Salatiello
Chairman, Board of Selectmen

TO: Property Owners and Residents of the Town of Sanbornton
FROM: Board of Selectmen

PLEASE TAKE NOTE OF THESE IMPORTANT ITEMS:

1. Your Inventory of Taxable Property must be filed by April 15, with a penalty for late filing. Note especially Item #4.

2. Please give your bank your Sanbornton residential address, as well as your mailing address. The Town receives Bank Taxes from the State only on accounts listed in the name of Sanbornton residents. Why let other towns get these funds?

3. Please ask the Town Clerk for Privilege Stickers which will be free of charge to all Residents or Landowners of the Town of Sanbornton. The Town Clerk will need your plate number.

4. You should register all dogs with the Town Clerk by May 1. When registering your dogs you should bring in the rabies tag papers.

5. When doing business at the Town Office it would be appreciated if you would pay by check. Separate checks should be written when doing business with either the Town Clerk or Tax Collector.

6. Selectmen meet every Monday night at 6:30 except for holidays. Town Office open for business:

Monday, Tuesday, Thursday, Friday—8 a.m. to 3:30 p.m.

Wednesday—8 a.m. to 12 noon

Monday Evenings—6:30 to 8:30 p.m.

7. Those persons qualifying for Veterans' Exemptions, Elderly Exemptions, Wind, Solar, Wood Furnace or Current Use Evaluation must apply to the Selectmen before April 15.

8. Appeals from Tax Assessments must be made within four months of the receipt of the tax bill.

9. Limited scholarship funds are available on application to the Selectmen. Application forms are available from school principals and at the Town Office, and must be filed with the Selectmen by May 1.

The following scholarships were awarded accordingly in 1985:

Firemen's Memorial Fund Scholarship for \$400.00 to Kathy Lee Collins
(Hesser College)

Firemen's Memorial Fund Scholarship for \$400.00 to Cindy Bennett
(Colby-Sawyer College)

John Doe Taylor #2 Scholarship for \$500.00 to Kathy Lee Collins
(Hesser College)

Current Use Taxes—18% after 30 days

Yield Taxes—18% after 30 days

RESULTS OF 1985 TOWN MEETING**March 13, 1985****Winnisquam Regional Middle School**

Pursuant to the Sanbornton Town Warrant of 1985 the Town Meeting was convened at the Winnisquam Regional Middle School on the 13th day of March, 1985 at 7:30 p.m.

The meeting was brought to order by the Moderator, Ralph Sleeper, who led the assembly in the Pledge of Allegiance and then he introduced Reverend Madeline Klose who gave the invocation.

The moderator summarized the rules of order.

A motion was heard, seconded and it was voted to dispense with the reading of the warrant in its entirety.

Article 1: To hear the report of the Budget Committee and pass any vote in relation thereto.

It was voted to postpone action on this article until after Article 29.

Article 2: To see if the Town will authorize the Selectmen to hire such sums of money as may be necessary to defray Town charges in anticipation of taxes; to administer or dispose of any real estate at public auction acquired through Tax Collector's deeds; and to apply for and accept such grants and funds as may be available to the Town from private sources and from other governmental agencies.

Accepted as read.

Article 3: To see if the Town will vote to appropriate the sum of \$300,000.00 for the purchase of 1.1 acres of land adjacent to the Central Fire Station and fronting on State Rte. 132, as designated on the plan of sub-division approved by the Planning Board and the construction of a Life Safety Building thereon. This building to include facilities for the Fire and Police Departments, meeting space for large functions, and related purposes, and the appropriation to cover initial renovation to the Central Fire Station for conversion to Town Office space. This sum to be raised by the issuance of bonds or notes pursuant to the provisions of the Municipal Finance Act, and to authorize the Town Treasurer with the approval of the Selectmen, to fix the date, maturities, interest rate or rates, form and other details of the bonds or notes and provide for the sale thereof as recommended by the Future Town Building and Site Study Committee, the Selectmen and the Budget Committee.

A motion to accept this article was heard and seconded. The moderator recognized Vincent Smith who presented the report of the Building Study Committee and answered any questions. The question was called and the assistant moderators began accepting Ballots at 7:55. The polls remained open for one hour; the assistant moderators counted the ballots cast, 171 were in the affirmative and 82 in the negative. The motion was carried.

Article 4: To see if the Town will vote to raise and appropriate the sum of \$12,000.00 for the purchase of 1.1 acres of land adjacent to the Central Fire Station and fronting on State Rte. 132, as designated on the plan of the sub-division approved by the Planning Board. This recommended by the Selectmen and the Budget Committee, (only if Article 3 fails).

The article was defeated.

Article 5: To see if the Town will vote to withdraw the sum of \$10,000.00 from the Capital Reserve Fund for revaluation, this sum remaining in excess upon completion of revaluation and including accrued interest; and to re-appropriate this sum to be added to the General Fund to reduce taxes as recommended by the Selectmen and the Budget Committee.

Accepted as read.

Article 6: To see if the Town will vote to continue for a period of one year the future Town Building and Site Study Committee as established by vote of the 1984 Town Meeting and to raise and appropriate \$7,500.00 for engineering and architectural studies, as recommended by the Selectmen and Budget Committee (only if Article 3 fails).

The article was defeated.

Article 7: To see if the Town will approve the continuation for a period of one year of the Future Town Building and Site Study Committee, voted by the 1984 Town Meeting, and amend the charge to that Committee to oversee construction of the Life/Safety Building and advise the Selectmen on the refurbishing of the Central Fire Station for Town Offices, as recommended by the Selectmen.

Accepted as read.

Article 8: To see if the Town will vote to raise and appropriate the sum of \$5,000.00 for the purchase of the existing structure attached to the rear of the Town Hall and presently owned by the Harmony Grange for the purpose of use by the Town for ground-level access to the building for the handicapped, storage, and activity space for the youth and recreational groups meeting in the Town Hall and related purposes, as recommended by the Harmony Grange, Selectmen and Budget Committee.

Accepted as read.

Article 9: Subject: Land of Robert Bingham
"To see if the Town will vote to accept a gift of land amounting to less than an acre bounded as follows: on the east by land of the Central Fire Station, on the south by Route 132, and on the north by the Pound Rd.: thus forming a triangle at the junction of Rte. 132 and Pound Rd. as recommended by the Selectmen.

Accepted as read.

Article 10: Subject: Blackwood Property Acquisition

“To see if the Town will vote to raise and appropriate the sum of \$500.00 for the purchase of one and one-half acres (1½) of land located adjacent to the site of the Landfill presently owned by the Town and lying between the Town owned land and Shaw Hill Road and opposite the intersection with Bennett’s Ferry Road; said one and one-half (1½) acres of land being an approved subdivision of land owned by William Blackwood, as recommended by the Selectmen and the Budget Committee.

Accepted as read.

Article 11: To see if the Town will vote to raise and appropriate the sum of \$65,687.00 for the purpose of operating the Police Department as recommended by the Selectmen and the Budget Committee.

Accepted as read.

Accepted as read.

Article 18: To see if the Town will appropriate the sum of \$49,807.00 to be received from the State for the Highway Block Grant for the purpose of reconstructing a section of Hunkins Pond Road, as recommended by the Selectmen and the Budget Committee.

Accepted as read.

Article 19: To see if the Town will vote to authorize the Selectmen to sell at their discretion stumpage at the Town Landfill together with such metals and other saleable materials as may be necessary for the safe operation of the landfill; revenues from such sale to be deposited in the General Funds of the Town, as recommended by the Solid Waste Disposal Committee and the Selectmen.

Accepted as read.

Article 20: To see if the Town will vote to raise and appropriate the sum of \$17,665.00 and make the same available to the Library Trustees, as recommended by the Selectmen and the Budget Committee.

Accepted as read.

Article 21: Subject: Library Tower

"To see if the Town will vote to appropriate the sum of \$6,277.00 for the purpose of repairing the Library Tower and make the same available to the Library Trustees for that purpose; this sum represents the capital and accrued interest of the Capital Reserve Fund established by vote of the Town, Article 15 of the 1980 Town Warrant." Recommended by Selectmen and Budget Committee.

Accepted as read.

Article 22: To see if the Town will vote to raise and appropriate the sum of \$13,472.00 for the Town's share of the administrative costs, capital costs of construction, and interest charges, related to the Winnepesaukee River Basin (Sewer) project as recommended by the Selectmen and the Budget Committee.

Accepted as read.

Article 23: To see if the Town will vote to raise and appropriate the sum of \$23,000.00 of which \$10,000.00 to be placed in the Capital Reserve Fund for Heavy Equipment, \$10,000.00 to be placed in the Capital Reserve Fund for Town Building Improvement, and the sum of \$3,000.00 to be placed in the Capital Reserve Fund for the future addition to the Library, as recommended by the Selectmen and the Budget Committee.

This per recommendation of the Selectmen and the Budget Committee."

Article was accepted as amended.

Article 29: To see if the Town will vote to authorize the Selectmen to enter into (such) boundary line agreements and to convey by quitclaim deed any property owned by the Town in Plummer Shores, including but not

limited to, the lot conveyed to the Town of Sanbornton at Book 617, Page 441, and such land as owned by the Town within the 50' right of way for Plummer Street under such terms and conditions as the Selectmen determine, for the purpose of resolving survey problems and clarifying the layout of the roadway in Plummer Shores, as recommended by the Board of Selectmen.

Accepted as read.

Article 1: *The Town voted to accept the Report of the Budget Committee with the following amendments:*

- a. defeat of Article 4 (less \$12,000.00)*
- b. defeat of Article 6 (less \$7,500.00)*
- c. \$100.00 reduction between the Budget Committee's recommended figure of \$1,100.00 and the \$1,000.00 appropriation voted for Cruiser Equipment in Article 12 and 28.*
- d. \$1,000.00 reduction in Budget Committee's recommended figures for Dry Hydrants. (Lines 22 of the MS7 and the line between 62 and 63 of \$1,000.00 each). The Town voted to appropriate \$1,000.00 for Dry Hydrants in Article 16.*

The final Budget figure, therefore, was \$972,066.00.

Accepted as read.

Article 30: To transact such other business as may legally come before this meeting.

No action was taken.

Respectfully submitted,

Anne Ingemundsen
Town Clerk

To the Members of
the Board of Selectmen
Town of Sanbornton
Sanbornton, New Hampshire

We have examined the combined financial statements and the combining fund and account group financial statements of the Town of Sanbornton, New Hampshire as of and for the year ended December 31, 1985, as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1B, the combined financial statements referred to above do not include financial statements of the General Fixed Asset Group of Accounts which should be included to conform with generally accepted accounting principles.

In our opinion, except that omission of the General Fixed Asset Group of Accounts results in an incomplete presentation, as explained in the above paragraph, the combined financial statements and the combining fund and account group financial statements referred to above present fairly the financial position of the Town of Sanbornton, New Hampshire at December 31, 1985, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole and on the combining fund and account group financial statements. The accompanying financial information listed as supplemental schedules in the table of contents is presented for purposes of additional analysis and is not a required part of the combined financial statements of the Town of Sanbornton, New Hampshire. The information has been subjected to the auditing procedures applied in the examination of the combined and combining fund and account group financial statements and, in our opinion, is fairly stated in all material respects in relation to the combined financial statements taken as a whole.

E. Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and continuing appropriations (certain projects and specific items not fully expended at year-end) are recognized, is employed in the governmental funds. Encumbrances are not the equivalent of expenditures; and are therefore reported as part of the fund balance at December 31 and are carried forward to supplement appropriations of the subsequent year. The reserve for encumbrances at December 31 consists of the following:

Public Safety

Police Department	\$ 1,065

TOWN OF SANBORNTON

NOTES TO THE FINANCIAL STATEMENTSDecember 31, 1985F. Investments

Investments in all instances are stated at cost, or in the case of donated investments, at market value at the time of bequest or receipt.

G. Accumulated Unpaid Vacation and Sick Pay

Vacation is granted in varying amounts based on length of service. Vacation pay accumulation does not exceed a normal year's allowance. The Town has no formal sick leave policy.

H. Taxes Collected For Others

The property taxes collected by the Town include taxes levied for the Winnisquam Regional School District and Belknap County which are remitted to these governmental units as required by law. The ultimate responsibility for the collection of taxes rests with the Town. The payments are recorded in the General Fund financial statements as intergovernmental transfers.

I. Property Taxes

The National Council on Governmental Accounting, Interpretation 3, referring to property tax revenue recognition, requires disclosure if property taxes receivable, which are to be collected beyond a period of 60 days subsequent to December 31, 1985, are recognized on the balance sheet and not reserved. In accordance with the practice followed by other municipal entities in the State of New Hampshire, the Town of Sanbornton annually recognizes, without reserve, all tax receivables at the end of the fiscal year. The Town feels this practice of accrual is justified as it more appropriately matches the liability to the school district entity at December 31, with collections which are intended to finance these payments through June 30 of the following year.

Annually, the Town establishes and raises through taxation an amount for abatements and refunds of property and resident taxes, known as overlay. All abatements and refunds are charged to this account. The amount raised in 1985 was \$11,024 and expenditures amounted to \$9,764.

As prescribed by law, the Tax Collector sells at tax sale all uncollected property taxes in the following year after taxes are due. The purchaser at tax sale has a priority tax lien on these properties and accrues interest at 18% per annum. Delinquent taxpayers must redeem property from tax sale purchasers.

TOWN OF SANBORNTON

NOTES TO THE FINANCIAL STATEMENTSDecember 31, 1985

Property is sold to the party who will accept a lien for the least undivided interest in the property for payment of taxes and related costs due. If property is not redeemed within the two year redemption period, the property is tax-deeded to the lien holder.

J. Interfund Transactions

During the course of normal operations, the Town has numerous transactions between funds, including expenditures and transfers of resources to provide services and fund capital outlay. The accompanying governmental fund financial statements reflect such transactions as transfers.

NOTE 2 - CHANGES IN LONG-TERM DEBT

NOTE 5 - PENSION PLAN

The Town participates in the State of New Hampshire Retirement System. The Town's contribution for normal cost of the plan is based upon an actuarial valuation of the entire State plan. Since the actuarial valuation is performed on the entire State plan the amount, if any, of the excess of vested benefits over pension fund assets is not available. The Town does not have an accrued liability for past service costs. Pension costs amounted to \$5,581 in 1985.

NOTE 6 - TRUST FUNDS

The principal amount of all Nonexpendable Trust Funds is restricted either by law or by terms of individual bequests in that only income earned may be expended. The Town's Nonexpendable and Expendable Trust Funds at December 31, 1985 are detailed as follows:

<u>Purpose</u>	<u>Nonexpendable</u>	<u>Expendable</u>

Sanbornton Police Department

Annual Report

The year 1985 has shown a 32% increase in activity over the previous year. However, on the brighter side, serious offenses such as burglary and theft have shown a decrease. This is attributable to increased citizen awareness of suspicious activity and more intensified patrolling of the town.

As in past years, the Town Highway Safety Committee has sponsored a Bicycle Safety Poster Contest in both the Sanbornton Central and Sant Bani Ashram Schools. This program is coordinated by the Police Department and is judged by the committee. With only one bicycle/motor vehicle accident in the past fifteen years, we can thankfully say that this program is a great success and will be carried on in the future.

I wish to thank the Youth Assistance Program for helping us deal with our juvenile problems with its Court Diversion Program as well as guidance and counseling whenever needed. Special thanks go to the citizens of Sanbornton for all the cooperation and support they have given us in helping us deal with the crime problems that we have. Finally, I wish to thank the Belknap County Sheriff's Office for their assistance and especially the police departments in our surrounding communities for their help and support.

Respectfully submitted,
John J. Maurath
Chief of Police

Sanbornton Public Library

Your public library continues to be a very busy place—and that is the way we like it. It is now open 28 hours a week, with the addition of Fridays to the schedule. As more families move to our community it is encouraging to note how many of them find their way to our door. They can be assured of a friendly greeting from the staff, coupled with a sincere desire to be of service. In addition to providing reader's guidance in book selection, inter-library loan service is available upon request. Special materials may be ordered on the State Library In-WATS Line. The Minolta copier is a valuable asset; for a very modest fee townspeople may use it any time the library is open. Continued use of the upstairs meeting room is welcomed—please confirm your date to avoid conflict. Moulton's ban holds rehearsals on Monday evenings during spring and summer. Special library and community events have also been scheduled.

The annual Book and Bake Sale was held in the Town Hall early in June. It has become a very popular activity for the benefit of the library. The donations and assistance from townspeople are greatly appreciated. In July a visit from The Little Red Wagon troupe from U.N.H. delighted an audience of over 100 children, parents and friends. The August event for children was a one woman performance by Susan Ackley of the Starbird Puppet Theater, whose puppets and tales sparked the imagination of the youngsters present.

Priscilla Bodwell, assistant librarian, is in charge of exhibits and has been most successful in discovering the talents of area artisans and encouraging them to share their work with our patrons. We appreciate their enthusiastic response.

In the not too distant future we will need to expand our floor space. Plans are being considered for an addition to the rear of the existing building, which will include the mandatory access for the handicapped. The children's area and work space for the staff are important priorities. Despite the proliferation of media entertainment, parents here are introducing their children to our library at an early age. Picture books are in great demand. The Sanbornton Bay Extension group held a yard sale last summer for the benefit of the library. A specific collection of books related to every day problems encountered by young children is being purchased. The Roger Abbott family has established a fund for children's books in loving memory of their daughter, Laura Rose. We express our gratitude for these welcome additions which will bring joy to others. Many friends of the library continue to share their books, magazines, newspapers and volunteer time with us to our great benefit.

REPORT OF SANBORNTON FIRE DEPARTMENT

The Sanbornton Fire Department has had an active year responding to 147 calls, with a sharp increase in medical emergencies.

To meet these needs, we now have six members who are fully trained in the EMS field. They have acquired State of New Hampshire Ambulance Attendant Licenses, three of those members are now enrolled in the EMT program, and a fourth now holds that status.

Four men have just graduated from the State of New Hampshire Certified Fire Fighters program with more members attending a forth-coming course.

New programs and on-going training have been initiated to up-grade the department to provide you, the residents, of Sanbornton with more knowledgeable and better trained personnel. Many unselfish hours have been given by members to become more professional in the art of firefighting with pride in what we stand for and self-satisfaction in what we do, helping others in need.

Report of the Town Forest Fire Warden and State Forest Ranger

Between July 1984 and June 1985, we experienced more forest fires throughout our state than in any year in the last 50. Two of the leading causes of the 1,605 fires were children and fires kindled without written permission of a Forest Fire Warden. Both causes are preventable, but only with *your* help.

Please help our town and state forest fire officials with forest fire prevention. Contact your Forest Fire Warden for more information.

Enforcement of state timber harvest regulations is the responsibility of State Forestry officials. Our state has excellent timber harvest regulations; however, your assistance is needed. If you know of a logging operation and suspect a state timber harvest law may be violated, call your Forest Fire Warden.

If you own forest land, you will become responsible for the timber tax payment starting April 1, 1986. This is a change in the Timber Tax Law that will impact all forest landowners. Contact your Board of Selectmen for timber tax forms.

The Winnisquam Fire Department has responded to a total of two hundred and forty calls in 1985.

As of December 1985, we had twenty-two regular and probationary members enrolled in the Department, eight of which are Emergency Medical Technicians.

Training sessions and drills are held periodically and Fire Schools are attended regularly by members. Regular business meetings are held the first Thursday of each month at 20:00 hours. Officers' meetings are held the second and last Thursday of each month at 19:00 hours. Special meetings are held as needed.

In the past year the Winnisquam Fire Department has held fund raisers, and numerous donations were received. The Department would like to thank all who supported us in the past year. The donations were greatly appreciated!

The Winnisquam Fire Department would also like to give special recognition to our Chief who has given over forty years to the Fire Service, for this we thank Windsor C. Braley—may you have many more years in the Fire Service.

The annual Carole Davis Memorial Christmas Party was held for the children in the Winnisquam area.

Lakes Region Planning Commission Report

The Lakes Region Planning Commission (LRPC) is an agency voluntarily established by its members (towns and cities) for the purpose of providing a forum for discussion, study, development of recommendations and solution of problems of mutual interest and concern. The agency provides planning and technical assistance, promotes inter-governmental cooperation and otherwise delivers a wide variety of services to the elected officials and citizens of the region.

This fiscal year's program reflects a diversified, ambitious and comprehensive range of activities. Emphasis will be directed as follows:

1. **Regional Planning**

Provide current information, expanded data and analysis relative to the Region's population, housing and other socioeconomic characteristics. Focus shall be on the compatibility of local master plans with the regional plan. An update of sections of the Regional Land Use Plan will be determined pending staff and financial considerations.

2. **Local Planning/Technical Assistance**

Continue technical assistance to member communities, providing development of land use regulations which implement local Master Plans. These services include the review of local development proposals, subdivision regulations, codes and ordinances, master plans and other locally initiated requests for assistance.

3. **Historic Preservation**

Continue to emphasize the importance of historic preservation and encourage communities to become aware of and involved in historic preservation needs and opportunities.

4. **Transportation Planning**

To continue to provide technical transportation assistance to human service agencies in order to serve the transit needs of the handicapped and disadvantaged. To create, maintain and implement a regional transportation plan which provides policy direction in regional transportation issues.

5. **Environmental/Water Issues**

Continue to monitor and recommend good planning for wise management of the region's natural resources. The LRPC shall develop minimum shoreland zoning codes and to coordinate a ten-year comparison of water quality changes in the Lake Winnepesaukee Watershed. Close coordination with local, regional and state agencies is expected.

Many other lake management issues continue to be unresolved and the LRPC shall remain active in water-related issues, planning standards, legislation, regulation, enforcement and public education.

6. Solid Waste Management

A Solid Waste District Plan must be developed for waste management on a regional cooperative basis.

7. Community Development

Continue to work closely with communities interested in economic development. Some activities, such as housing rehabilitation, municipal services improvements and capitalizing low interest loans for small businesses, reflect the types of development possibilities for the Lakes Region.

1984-1985 Program Accomplishments

An important and illustrative way communities can address issues and problems which transcend town boundaries is through the use of regional entities, such as the Lakes Region Planning Commission. In addition to a great deal of experience in intergovernmental cooperation, the LRPC provides an ideal forum within which local governments may direct certain efforts, receive the benefits, and share the costs. In the past year a wide variety of issues, regional and individual, have been addressed. A brief list is as follows:

1. Completed four Master Plans for local municipalities.
2. Continued historic preservation activities resulting in local nominations to the National Register and two historic districts being placed on the National Register. Also, Historic Resource Inventories were completed for three Lakes Region Communities.
3. Continued the supervision of a Regional Comprehensive Plan to maintain a balanced development approach in the Region.
4. Continued work on a Regional Solid Waste Management Plan.
5. Continued intergovernmental efforts focusing on water quality and lake management issues. Co-sponsored a series of lake management public meetings with the Clean Waters Association and the Office of State Planning to identify lake management issues of greatest public concern. Initiated a work plan for a Lake Management Study and continued to support local requests with land use regulations for watershed protection.
6. Provided assistance to Alton and Wakefield in receiving CDBG Feasibility Study grants. Completed a CDBG application for a Community Center in the Town of Wakefield.
7. Provided or co-sponsored special programs, workshops and other meetings to address various planning-related issues, e.g., Five-Year State Highway Plan; Municipal Law Lecture Series; Enforcement of Local Ordinances; Developments in the NH Legislature and Courts; Procedure for Local Land Use Boards; and other similar activities.
8. Provided local and regional planning and community development assistance to each member community.

9. Maintained a regional transportation effort related to the special needs of the elderly, handicapped and transportation disadvantaged.
10. Assisted local communities with regulation development over or adjacent to key groundwater resources.
11. Completed several planning related reports, such as Development Regulations in the Lakes Region, Shoreline Analysis of Lake Winnepesaukee, and the Lakes Region Housing Development Plan.
12. Promoted intergovernmental cooperation to address issues of mutual importance.

Planning Board Annual Report

With the Master Plan completed during the early part of 1986, the Board has begun to focus its attention on the need to review our zoning ordinance in light of the recommendations and policy goals of the Master Plan. We have spent many monthly planning sessions working with staff from the Lakes Region Planning Commission in reviewing possible options which the Board might propose to implement the strong mandate of the community surveys "to keep the rural character of the town." The series of amendments which the Board is presenting to the town for approval represents a first step. In recommending increased set-back requirements, the Board is seeking to bring our very minimal standards in line with those in the surrounding towns. Our large lot zoning is insufficient in maintaining the rural character of the town when dwellings can be placed as close as 10 feet to the next lot and right next to the road.

The Board has also looked at the impact of increased earth removal activities within the town and seeks to have additional authority granted to the Zoning Board of Adjustment to protect the interests and rights of property owners from possible adverse effects. We are also proposing the establishment of a water body set back of 40 feet. We are one of only a few communities in the Lakes Region which has made no effort to protect and preserve our lake front environment. We believe that this set back is most important in protecting several of our small ponds and lakes which have not yet been fully developed.

Subdivision activities and site plan reviews have continued at a brisk pace again this year, straining our resources as a volunteer Board to handle such a heavy schedule. Clearly the Board has reached the time when it can no longer operate solely with volunteer support, and part-time clerical assistance is now needed to handle the administrative and legal responsibilities of the Board.

Currently there are three proposals before the Board for Site Plan review of commercial projects in the Commercial/Light Manufacturing/Acquifer Protection District. As these projects are reviewed and completed this commercial area in town will have realized most of its potential for growth and development.

For the first time in several years, some subdivision activity has begun to occur on roads which have been less well serviced by the Town and which have required substantial improvement by the developer as a condition of approval. It appears that the economics of development have been such that the costs of road work can be offset, thus permitting development to occur in areas that have previously been immune from these pressures. As development moves outward to these areas where the Town's effort may have been more minimal because there has been no need, the Town will have to increase the level of services it provides.

Appointments with the Planning Board must be made well in advance due

to the increasing subdivision and site plan activity before the Board. In order to make the most efficient use of meeting time, the Board requires that all applications be complete at the time they are submitted. Careful review of the regulations can help us all avoid costly and inconvenient delays.

Mac Gilman and Donald Foudriat have joined the Board as voting alternates this year. Don is providing us with invaluable assistance at our planning sessions. George Richards has been attending meetings and observing our procedures. Ralph Sleeper has just completed an additional one-year term on the Board. His experience and commitment to good planning will be missed.

In an attempt to present a complete report on our activities we have included a listing of applications which have been approved during the period April 1, 1985-March 1, 1986.

Wayne and Barbara Smart—Upper Bay and Davis Road—2 lots.

Ben Benson—Gray Road—8 lots subject to upgrading road.

Howard and David Maher—Weeks Road—5 lots. Approval pending receipt of WSPCC number.

Building Study Committee

Following adoption of the 1985 Town Warrant Articles Three and Five, the Building Committee has taken responsibility for overseeing and advising the Board of Selectmen in the construction of the new fire and police station. The committee has met monthly or more often as needed.

Architect Frank Marinace was contracted for full services, plans were developed and refined and bids were advertised. The site plan was submitted to and approved by the Planning Board. The Historic District Commission approved the building plans and has taken responsibility for selecting all exterior colors for the building.

Construction bids were opened on July 2, 1985 and the low bid of \$256,090.00 submitted by Douglas Fraser, Contractor, was subsequently accepted. The construction contract was signed on July 15th and work began on August 15th. Weekly project meetings at the site between the architect and the contractor are attended by representatives of the town.

The contract, to have been completed on December 1, 1985, was delayed by the collapse of the apparatus bay trusses. Town counsel is conducting insurance settlement and contract extension matters while construction of the office section of the building continues.

A time capsule prepared by Elizabeth Weiant will be placed in an apparatus bay wall to be designated on the plans.

The selectmen recently appointed a sub-committee to plan and make recommendations for refurbishing the existing building to town offices when the new building is completed, accepted and occupied.

The town's continued support and understanding is appreciated while construction delays are resolved. We look forward to the day when work and meeting space needs have been met.

Report of Sewer Committee 1985

The Sanbornton Interceptor Sewer was completed this year (1985). The Selectmen have set the 90 day period May 1–July 31, 1986, as the time that hookups must be completed. A letter will be mailed to property owners on or about April 15th explaining the hookup procedure.

It is possible to hookup as soon as April 1, if desired. Interested owners should contact the Selectmen's Office for an application. Upon approval of the application, the excavation can be done and the sewer pipe laid. Final connections are done after notifying the Winnepesaukee River Basin Treatment Authority who must be present to test the final connections.

There is a request pending with the Federal Environmental Protection Agency for funds to extend the interceptor northward along the Lake to about the Leighton Estates subdivision. State of New Hampshire funds for this construction are available. Construction will be done in 1986 if Federal funds are obtained.

Solid Waste Disposal Committee

The Sanbornton Town Landfill continued to operate during the past year, as a Sub-District of the Lakes Region Solid Waste Management District, under the provisions of RSA 149 and subject to the supervision of the State Board of Solid Waste Management. State inspection in the Fall of 1985 disclosed that the Sanbornton Landfill is in full compliance with the statutes and regulations pertaining to its operation at the present time. While the installation of ground-water monitoring wells may be required some time in the future, there is no indication of that need for the present.

Clearance of an additional area for landfill use was completed during the year under the direction of the Road Agent. Furthur property was also added to the Landfill by means of the acquisition of a parcel of land fronting on Shaw Hill Road in accordance with the vote of the Town in 1985. The Selectmen are in the process of completing the perimeter survey of the entire Landfill parcel and it is expected that final registration of all relevant deeds and plats will soon be accomplished.

Historic District Commission

The Commissioners are very pleased to see a sense of ongoing rejuvenation in the Square. A very good example is that of the John Lord House built in approximately 1789 (now owned by Roger, Victoria and Thomas Abbott), a burned shell now being rebuilt.

Many books and magazines are available in the library to those wishing to learn more about historic preservation. The magazines (*Historic Preservation* and *The Old House Journal*) contain many interesting articles and technical information.

We are still working on ways to economically locate and plant trees in the Square. Anyone who would like to help with this project would be welcomed.

Conservation Commission Report

During the year, ten meetings were held to act upon petitions, requests for fill and dredge, discussion of conservation projects and physically checking various projects.

A member of the committee attended the 7th Annual Environmental Conference in March at Tufts University, Boston, Massachusetts.

Youth Assistance Program of Northfield, Sanbornton, and Tilton, Inc. 1985 Town Report

We are a court diversion program designed to keep first time young offenders out of the courts and away from further trouble with the law. Working closely with the police and other agencies, we are also a prevention program available to youths, parents and others who need support, information and help with problems that young people and their families may face. Volunteers from the communities serve on the Board of Directors, in the court diversion process (Juvenile Review Board), People Program (Big Brother/Big Sister) and assist in various other activities.

This year we have spent time in the schools, meeting with youths and talking with classes. This effort has been a great benefit to us and we are grateful for the warmth and cooperation received from the teachers, guidance departments and administrators.

Contact was made with elementary students in Sanbornton to help prepare them for some of the experiences and challenges ahead. The use of the meeting room over the Sanbornton Library and the generous help of the librarians, Barbara Powers and Priscilla Bodwell, was greatly appreciated.

Our informational, after school programs for teens and activities for fun and fellowship have continued this year. We are glad to welcome more young people and parents who stop in for help or a chat with us.

Martha Douglass is the Director and Dawn Bartroh was hired as the Assistant Director in September. Together we wish to offer our thanks to our loyal volunteers and friends who have given time and encouragement for this vital program.

Trustee of the Cemetery Fund Annual Report 1985

This last year the town provided funds to repair ravages of many decades in the town cemeteries. Although some gravesites have limited funds for upkeep, they are not anywhere large enough to maintain them, with very few exceptions, in a respectable condition. With the addition of funds from the town, some gravesites that have long been neglected, are beginning to show signs of care. Appreciation for the people that built the town that we so much cherish and enjoy is becoming evident.

While the work this year is only the start, we have been able to accomplish quite a bit. Seventeen monuments have been repaired. Thirty-eight have been given new bases and forty-three have been straightened. Trees have been cut down where they threatened monuments. One large butternut was removed that was ready to fall and destroy many stones.

We have tried to improve the appearance of cemeteries that needed work most, but there are many more to be done. When a gravesite is neglected it invites vandalism. We cannot afford to neglect these old cemeteries. They are full of examples of history and craftsmanship that cannot be replaced.

Martha C. Douglass

Lakes Region Community Health Agency, Inc.
Service Summary Report—Town of Sanbornton 1984-1985

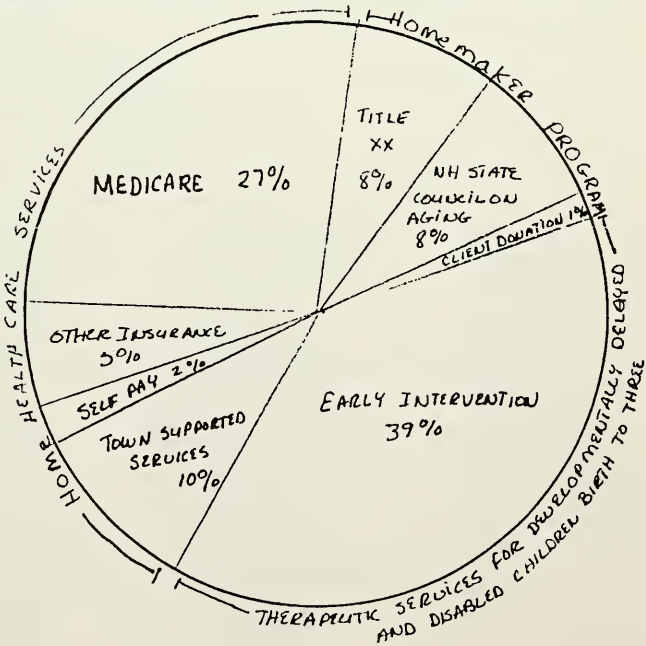

The fiscal year for this agency is July 1–June 30. This report will reflect the activities of this agency, in Sanbornton, during the 1984–85 fiscal year.

We have seen thirty individuals in Sanbornton. The type and intensity of services varies with each person requiring care. The services provided were:

Skilled Nursing	174 visits	\$7,482
Physical Therapy	33 visits (36¼ hours)	1,370
Home Health Aide	54 visits (66¼ hours)	1,325
Homemaker Services	244 visits (722 units)	5,010
Early Intervention	174 visits	9,744

During this year there were four Sanbornton children under the age of three who were seen through the Early Intervention Program. Early Intervention is a program of therapeutic and educational services for children with developmental delays or disability. The program has served thirty-two children in the Lakes Region this year. It just so happens that four were in Sanbornton. The program, to date, has been fully funded by a grant from the Division of Mental Health-Developmental Services through the Lakes Region Community Services Council.

This graph shows how services in Sanbornton have been reimbursed.
